

Jenson SEIS Fund

Product Overview

Jenson Funding Partners

Pioneer of SEIS investments – we have been investing since 2012 with 125+ investments to date.¹

Investment Strategy

- Targeting innovative and disruptive technologies.
- SEIS funds focused on companies with high growth potential.
- Extensive due diligence.

SEIS investment

The SEIS structure is designed to provide increased diversification as a portfolio investment. The balance between capital growth, portfolio risk and time horizon is maximised whilst utilising the tax advantages available.

Support

- Ongoing support and monitoring of our investee companies.
- Bi-annual investor reports and online investor portal.
- MICAP report available.

Exits

Exited eight companies across its first three funds, Twizoo, Way2Pay, Acuity, Market Making, Futurium, Raishma, Voneus and OneTouch.

Seven of these were cash exits. For Market Making, the majority was in cash with some publicly traded stock. Next Fifteen Communications Group Plc acquired the entire issued share capital with a current return of 6.1x investment with a mix of cash and equity (before tax incentives and performance fee).

Additionally, Gloop Labs Ltd has achieved a 3.2x uplift on original cost and Optimicer an 8x uplift on original cost via a share-for-share deal with Whitespace Global Ltd.

Here is more detail on the Jenson and Voneus journey from investment to exit.

Jenson originally invested £150,000 into Voneus in 2013. Founded by Steve Leighton, CEO and his team, Voneus aims to be the market leader in superfast broadband for hard-to-reach areas. The follow-on EIS round enabled funding from co-investors to enhance growth.

“The Jenson team has been delighted to be part of the growth of Voneus and we are really pleased with the result. This investment epitomizes the importance of SEIS and EIS Funding and the effect that it can have on growth businesses.”

Sarah Barber
CEO, Jenson Funding Partners

In February 2021 Jenson were delighted to announce its ninth SEIS Exit from the Jenson Seed EIS Fund and various tranches of our EIS Funds, providing a return for its investors. Following its partnership with Macquarie partners in 2019 and subsequent restructuring Jenson exited Voneus.

Voneus grew from three Founders to employing over 60 people with further expansion plans for 2021. In January 2018 Voneus announced it acquired SugarNet, the superfast internet provider. The acquisition increased Voneus' customer base to almost 50 rural communities across the UK.

“We would not be where we are without Jenson. Their team have been a constant source of support, advice and guidance for the last seven years or so. Although we are absolutely thrilled to be rewarding their faith in us with this excellent exit, we'll also miss them as an investor and as an ally. We can't thank them enough – they've been an integral part of the Voneus success story.”

Steve Leighton
CEO and Founder of Voneus

¹ To date, out of the 128 investments made, 83 are still trading.

Fund Facts

Fund Structure	Discretionary Investment Management Service (Discretionary Portfolio)
Fund Manager	Jenson Funding Partners LLP
Offer Size	£3 million ²
Minimum Subscription	£10,000 and multiples of £1,000 thereafter up to a maximum of £100,000 in SEIS
Investment Period	Tax year rolling from 2022/2023 (can apply to 2021/2022 with carry-back)
Target Close Date	Evergreen ³
Target Portfolio Size	8 to 12 high growth companies ⁴
Targeted Return	300p for every 100p invested gross of tax reliefs within 5 to 7 years
Income	Dividend income will be paid as and when it arises from the investments. However, given the nature of investments they are more likely to invest profits in growing their business to an exit rather than in dividends.
Liquidity	If an investor wished to sell their holding early then the Fund Manager would try to facilitate this via the other SEIS investors but investors need to consider this a long-term investment.
Performance Fee	<p>Jenson will be entitled to a performance fee if and when a realisation of an investment in an investee company is achieved and the hurdles set out below are met.</p> <p>Performance fees will accrue on a deal by deal basis where funds are distributed back to investors following a realisation, where: an aggregate distribution to the investor exceed the net cost of the investor's subscription in the investee company in question by 20%; and accrued performance fees will become payable once, and to the extent, the investor has received 120% of their Net Subscription to the Fund.</p> <p>The Performance Fee in each investee company is calculated as 35% of distributions to Investors in excess of £1.20 per £1 invested.</p>

2 The offer will be extended beyond £3 million at the discretion of the Investment Manager. The minimum amount will be £1 million.

3 The offer is a rolling offer with investors allocated to a portfolio of investments as they are made at the Investment Manager's discretion.

4 We may make investments in tranches so that each investor has shares in around 10-20 companies from the portfolio determined on a date of investment basis.

Investing with Jenson

Investment in the Jenson SEIS Fund can be made direct or through a financial adviser. However, we do always recommend that you seek independent financial advice before investing.

Important information: Applications for shares in the Fund may be made only on the basis of and using the application form contained in the Information Memorandum, copies of which are available from the Investment Manager. No reliance is to be placed on the information contained in this document in making any such application. This material is directed only at persons in the UK and is not an offer or invitation to buy or sell securities. This document is not an offer or invitation to apply for shares in the Fund nor does it solicit any such offer or invitation.

Participation in the Fund is limited to persons having the expertise, experience and knowledge to make their own investment decision and to understand the risks involved. Past performance is not necessarily a guide to future performance. The value of an investment may go down as well as up; in which case an investor may not get back the amount invested. Investments in small unquoted companies carry an above-average level of risk. Investments made into SEIS qualifying companies, because they are in unquoted companies, are likely to be higher risk than securities listed on the main market of the London Stock Exchange. Issued: December 2022.
